Administrative report (Carma and Jason)

- School development plan is in year three of three.
- The first goal is that student academic achievement will improve through the implementation of fair, transparent, and equitable assessment practices. One aspect of this is the gradual implementation of outcome based assessment using a proficiency scale (using words instead of numbers).
- The second goal is to increase students' experiences of feeling safe, welcome, and secure at school. This will be assessed by both a sense of belonging and by feelings of anxiety.

Chair report (Madelyne)

- Possible parent survey to identify potential topics of interest for future presentations
- Chair report for 2025/2026 has been submitted

Adjourn at 7:57pm
